- INTRO

- V2

- BRIDGE

- C - EXTENDED

- OUTRO

The heart is a mystery  
Stumble out of bed each day and struggle to be free  
Stood by an ocean raging blue  
Big wave cracked the sidewalk and I fell down there with you  
Fell in with you

I scoured the land and the sunset glow  
You think you know my friend but you just don't know  
That's why the heart is a mystery  
Break it in two and you'll see things you couldn't see before

### **Chorus**

I searched for you, Found and lost you on the way  
I searched for you, Over the hill of a better day  
I searched for you, In every mile I couldn't comprehend  
I searched for you, And I'll do it again

Should only frame you in a metaphor  
Not cast you off in our own image anymore  
Big questions etched across the sky  
The weight and reason of everything we'd like to know

### **Chorus**

#### **Bridge**

Saw the blessing saw the curse  
I've seen my best and I've seen my worst  
Seen a lot of beauty seen a little hate  
The great indifference and a twist of fate  
Seen a lot of passion and empathy  
The power and greed of the me me me  
Seen a lot of suffering seen a lot of good  
Felt the big life love of a neighbourhood  
A needle in the arm and the sadness grow  
The holy and the hidden and the outcast soul  
Seen a lot of surplus but in the wrong place  
And in the eyes of the broken I thought I saw your face

### **Extended Chorus**

I searched for you, Found and lost you on the way  
I searched for you, Over the hill of a better day  
I searched for you, Now I'm stranded here in a passion play  
I searched for you, Give me a sign I'll be there straight away  
I searched for you, Stood in line 'til I don't know when  
I searched for you, In every mile I couldn't comprehend  
I searched for you, And I'll do it again

### **Outro**

The heart is a mystery  
Stumble out of bed each day and struggle to be free  
Stood by an ocean raging blue  
And I searched for you
